I find that CMBA is very relevant to the needs of the industry. Lecturers are very well-qualified and classmates are from various academic backgrounds with different industrial experience. Taking CMBA is about knowledge-sharing and learning as well as creating a good networking.

—Sibat, CMBA 2017 Graduate.

...there are many more successful CMBA graduates out there, fulfilling their dreams, enjoying better life-styles, and contributing to the nation and society!

Join CMBA now! You can be better!
